RESIDENTIAL EXPANSION

Jobsite: South Miami, Florida (approx. 200 sq.ft.)

Fully Permitted and Inspected by Miami-Dade Building Dept.
2006

This project is constructed with Wellbilt International's Miami-Dade Approved 'Sure-Board Wall Panels', complying with the State of Florida's High Velocity Hurricane Zone of 146-mph sustained wind-loads with an additional 20% increase for gusts!

'Sure-Board Wall Panels' are lightweight, may be easily supported and installed into existing slabs or driveways, eliminating costly additional footings. 'Open Construction' enables fast installation to existing structures.

Electrical and mechanical items tied into existing home.

Flexible interior layouts. Traditional walls and flooring depending on homeowners personal decorating desires.

Flexible exterior finishes and colors. Exact matches to existing home. (Siding also available)

Flexible window types and sizes.
(Shown are Egress Hurricane Impact Windows)

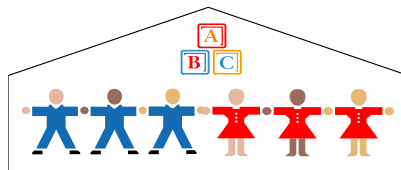

Room addition side-view.
Matches existing home!

Ideal for FAST construction of ROOM ADDITIONS, and other residential or commercial buildings in Hurricane or Earthquake prone areas.
